REMOVAL & INSTALLATION

HORN PAD & STEERING WHEEL

All Models — Disconnect battery. Carefully pry off horn pad. Unscrew steering wheel retaining nut. Pull wheel upward and off the shaft.

CAUTION — Steering wheel or column has a collapsible section. Care must be taken when working with these components.

REMOVAL & INSTALLATION

HORN PAD & STEERING WHEEL

Removal — Gently grasp horn pad with one hand at top and bottom. Squeeze horn pad together until free, then pull top edge of horn pad away from steering wheel. Remove steering wheel nut, attach suitable puller and remove steering wheel.

Installation — To install, reverse removal procedure.

TURN SIGNAL & WIPER SWITCHES

Removal — Remove steering wheel as previously described. Remove column covers from around switches. Disconnect wiring from switch(es) to be replaced.
